

Cybersecurity Program Suite

SECURE MORE. SPEND LESS. SIMPLIFY EVERYTHING.

At Sayers, we know that Cybersecurity is not a checklist, it's a continuous journey. That's why we've transformed our most-in-demand services into a comprehensive Cybersecurity Program Suite designed to deliver strategic value, operational efficiency, and measurable outcomes.

About Us:

Sayers is a leading provider of cloud, cybersecurity and IT Solutions — all wrapped in our support services to ensure successful outcomes. Regardless of where you are in your digital transformation, our practice is built to support and enhance that endeavor, allowing you to keep business running while unleashing the innovative benefits of Microsoft Azure.

Each Suite is tailored to your organization's size, industry and risk profile. Services may include:

- ✓ Vulnerability & Threat Management
- ✓ Incident Response Planning
- ✓ Regulatory Compliance Readiness (HIPAA, PCI, NICST, etc.)
- ✓ Security Awareness & Training
- ✓ Executive Reporting and Road Mapping
- ✓ Penetration Testing
- ✓ Tabletop Exercise(s)
- ✓ Cyber Risk Assessments
- ✓ Policy & Governance Development

WHY CHOOSE THE SAYERS CYBERSECURITY PROGRAM SUITE?

STRATEGIC COST EFFICIENCY

Unlock volume-based pricing across a suite of services — maximizing your investment while minimizing procurement complexity.

COMPREHENSIVE PROGRAM COVERAGE

Our Program Suite expands beyond one-off engagements to deliver a cohesive set of services that strengthen your security posture across the board.

DEDICATED PROGRAM LEADERSHIP

Each client is supported by a dedicated team: a Technical Account Manager (TAM), Program Manager, and Lead Consultant, ensuring delivery milestones, compliance targets, and strategic alignment are met.

KPI & COMPLIANCE INTELLIGENCE

Go beyond simply checking a box for compliance. Gain visibility into your program's performance with enhanced KPI tracking, including compliance metrics that support audit readiness and executive reporting.

ACCELERATED CYBER MATURITY

Whether you're building foundational capabilities or optimizing a mature program, our suite is designed to elevate your cybersecurity maturity with measurable progress.

LET'S BUILD A STRONGER PROGRAM TOGETHER
